

CA MTSS GRANT OPPORTUNITY

WHAT IS CA MTSS?

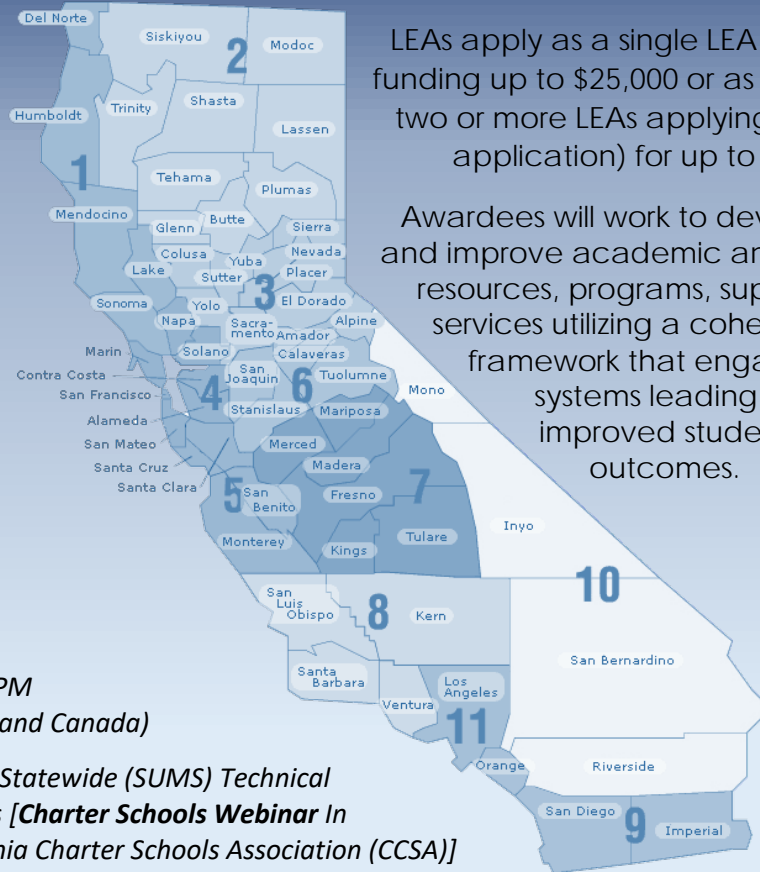

In April 2016, Orange County Department of Education, in partnership with Butte County Office of Education and SWIFT Education Center, was awarded a large grant to implement MTSS statewide. This effort, California Scale-Up MTSS Statewide (SUMS) provides a process for Local Education Agencies (LEA) to assess their strengths, coordinate actions and resources to support their Local Control Accountability Plan (LCAP), and align their MTSS efforts to the eight state priorities.

Applications are being accepted from Local Education Agencies (LEA) for the California Scale-Up MTSS Statewide (SUMS) Initiative Technical Assistance (TA) training grants.

LEAs apply as a single LEA for one-time funding up to \$25,000 or as a consortium—two or more LEAs applying jointly (one application) for up to \$50,000.

Awardees will work to develop, align, and improve academic and behavioral resources, programs, supports, and services utilizing a coherent MTSS framework that engages all systems leading to improved student outcomes.
